

**FORMER STUNT MAN NOW
AT PINE BARREN, FLORIDA**

Billy West, former stunt man of no small fame, is now located at Pine Barren, Florida, on U. S. Highway 29 where he operates what is known as Billy West's "Blue Heaven."

Billy, as he is known to a host of friends in this section, is the man who was "buried alive" at Bill Jackson's Place on the Florida side of Flomaton in 1932 for approximately 40 days. He only recently re-

BILLY WEST

turned from California where he was engaged as stunt man doubling for several well-known actors. As evidence that stunt work is not all fun Billy is literally covered with scars as a result of the many daring feats executed by him during the many years he followed this line of work, to say nothing of the broken bones sustained that left no telling marks on his body.

Billy extends a cordial invitation to the people of this section to come see him at his "Blue Heaven," and take advantage of the offer of free picnic tables and grounds. Fishing and swimming are among other inducements offered the public.

He also requests that we state that good order is a main essential at his new establishment.
